NH Catholic Charities
2009 Annual Report

New Hampshire
Catholic Charities

Friends,

St. Paul tells the early Christians in Corinth that their generosity not only helps people in need, but also encourages the recipients of their charity to give thanks to God. The good work that you have been a part of in 2009 will only increase as Catholic Charities reaches out across our state. “God can bless you with everything you need, and you will always have more than enough to do all kinds of good things for others.” [2 Corinthians 9:8]

Thanks to your generosity, Catholic Charities helps thousands of people in our communities. Staff and volunteers work compassionately to serve the poor and vulnerable through programs such as St. Charles Children’s Home, the New Hampshire Food Bank, Parish and Community Outreach, and Counseling services.

Thank you for answering the call to serve and love all people, especially the least among us. Your support, prayers, and good work perpetuate our Christian mission of helping those who are truly in need.

Yours in Christ.

Dear Friend,

I am pleased to present to you our 2009 Annual Report. The fragile economy this past year had catastrophic effects on many of our neighbors; when they had nowhere else to turn, and other doors were closed, they came to rely on our services more than ever. Because of your support, Catholic Charities was able to transform the lives of more than 80,000 individuals around the state with practical

programs that provided education, hope, and critical safety-net services.

This is an exciting time for Catholic Charities. One of our largest programs, the New Hampshire Food Bank, is poised for growth as we seek to address the root causes of poverty by deepening our commitment to serving the poor and vulnerable - with programs that will impact their lives for a day and for a lifetime. St. Charles Children's Home will be adding respite services to better help families with a successful long-term foster care placement. By expanding programs and services that give people the tools to be self-dependent, we are honoring the dignity of each person who comes to our doors and offering an opportunity for a better future.

Thank you, on behalf of all those we serve. Your commitment to our mission continues to make Catholic Charities one of the most efficient and effective non-profits in the state.

Sincerely,

HISTORY

This year marks the 65th Anniversary of the founding of New Hampshire Catholic Charities. In 65 years, we've gone from operating a few nursing homes and children's homes to an organization with over 1,000 employees, 22 sites throughout New Hampshire, and an ever-growing list of programs and services. While we will always be an organization helping people in crisis, the focus for our social service programs is to foster human dignity and lead people towards independence. New Hampshire Catholic Charities delivers services that teach people life and career skills which allow them to help themselves. With the knowledge of trained professionals and support of dedicated volunteers, Catholic Charities is able to provide help and create hope for those in need throughout New Hampshire.

“Resident-Centered Care” is the new model being utilized at New Hampshire Catholic Charities’ eight Rehabilitation and Nursing Centers. St. Teresa’s has redecorated their interior to make the residents’ environment feel less institutional and more like home. Each resident is given a unique doorframe complete with door knocker that gives the impression that you’re entering a home. Residents are also encouraged to hang family photos in the hall much like they would do at home.
